

Pursuit of Excellence Program Chapter Improvement Plan Guidelines

The Pursuit of Excellence Program structure includes three standards with ten subcategories in which chapters are assessed in their development towards excellence. **Chapters achieving a rating below "Acceptable" should use the guidelines contained in this document to assist them in creating a plan for improvement in any areas of deficiency.**

Improvement Plan Requirements

Per the Pursuit of Excellence Program, as adopted by the 63rd Grand Chapter (2008), **any chapter receiving an achievement level below Acceptable in a subcategory must submit a plan of action for improvement in that area to the General Fraternity.** Improvement plans will be reviewed by General Fraternity staff to ensure viability and to ensure that, if followed, the plans will result in the chapter achieving ratings of at least Acceptable in the next assessment. Plans for improvement should be generated, or at a minimum confirmed, by the chapter membership prior to their submission. The chapter as a whole will be responsible for achieving any plans created and submitted. Creation of improvement plans should be a result of a chapter’s completion of the Pursuit of Excellence Program’s **Strategy Session**.

After review, plan(s) for improvement will be returned to the chapter and shared with the Leadership Consultant, Chapter Advisor, Division Commander, and Campus Fraternity/Sorority Advisor. Plans should be reviewed by the chapter leadership, members, and above listed advisors throughout the academic year.

The standard areas and Acceptable criteria can be found on the following pages. Required improvement plan items are also included. Finally, available resources are indicated at the end of each subcategory.

Improvement plans should be submitted, in writing, to the General Fraternity by September 30th. Failure to submit by this time may result in a suspension from participation in events with alcohol until viable improvement plans are submitted and reviewed. Should a chapter fail to submit viable improvement plans by October 30 then all chapter activities may be suspended.

Digital submissions are required and will be accepted at pep@sigmanu.org.

Developing a Chapter Improvement Plan

Chapters are required to create and submit improvement plans, at minimum, for any areas that received a rating of Poor, Substandard, or Fair. Improvement plans should be submitted to pep@sigmanu.org for review by **September 30th**. Viable improvement plans will be returned to the chapter leadership and shared with the chapter's key advisors. Chapters are expected to update advisors on their progress towards achieving goals and completing tasks as outlined in the improvement plan.

- Use the [PEP Strategy Session](#) to answer discussion questions pertaining to this area. This session will help the chapter determine the vision and goals for this area, leaving appropriate officers to follow up in the creation of specific objectives and plans for action to achieve the chapter's vision of reaching excellence in this area.
- Review the [PEP Evaluation Guidelines](#) to determine where the chapter currently stands and to identify key benchmarks for improvement within the next six-to-twelve months.
 - **Improvement should be directed at improving deficient areas to Acceptable levels.** In other areas, the chapter is encouraged to create plans directed at either maintaining current levels of performance or improving performance to the next level (e.g., from Acceptable to Good).
- Create specific goals, with detailed plans of how the chapter will achieve these goals, in this area to improve to, at minimum, the Acceptable level within one year. Use the [Strategic Planning and Action Plans Overview](#) to assist with the goal setting and action planning process.

IMPROVEMENT PLAN FORMAT

Action Plan templates are available to address all PEP areas. **Submit a completed action plan for this academic year as your improvement plan.**
