Involving the Chapter

Although the Lt. Commander is typically tasked with oversight of the chapter's annual PEP submission, he should not be the sole officer or member involved in describing the chapter's performance over the past year.

The self-assessment session is designed to be conducted with the general chapter membership but could also be done with just the officers and chairmen, or independently by subcategory by the chapter's relevant committees.

The discussion questions and suggested documentation included in the self-assessment session are the same questions to be addressed in the chapter's annual submission booklet.

Giving each officer/committee a copy of the booklet to complete and return to the Lt. Commander or PEP Committee for editing and combining with the other officers' submissions is a great way to spread the workload of the final submission and ensure the full chapter's voice and input is included in the final submission.

An additional best practice is completing the self-assessment by mid-April to allow time for the chapter's Executive Committee and Alumni Advisory Board to do a final review and update prior to submission.

Overview and Instructions

Overview

This booklet should be completed by the chapter's Pursuit of Excellence committee, or another committee appointed by the chapter and chaired by the Lt. Commander. The committee should complete this booklet using the information and raw data created from the [Chapter Self-Assessment Session](#). **Chapters should consider the previous 365 days in their responses to all questions.**

Additional supporting documentation created throughout or acquired at the end of the year should take the form indicated. When no special instructions are provided, chapters should use a format consistent with the content requested and one that best articulates achievement of the standard.

Each chapter's submission should include the completed Chapter Self-Assessment Booklet and applicable supporting documentation. Submissions should be emailed to pep@sigmanu.org and are due no later than April 30.

Instructions

1. Determine the committee or individuals tasked with completing and submitting the Chapter Self-Assessment Booklet.
2. Convene the chapter and complete the [Self-Assessment Session](#).
3. Task individuals with creating and/or acquiring any needed supporting documentation in a digital format. Set a date for all supporting documentation to be turned in to the committee or individuals completing the self-assessment booklet.
4. Committee completes the booklet using the information and raw data created by the chapter in the self-assessment session.
 - a. Download this form (Booklet) **and work from local copy** (*working in web version without downloading first may not save progress*). **Use only Adobe Reader to complete.**
 - b. Fill in all editable fields, including chapter designation on cover.
 - c. Check boxes in each section for any supporting documentation being provided.
 - d. Save completed booklet for chapter records and reference.
5. Email completed booklet and supporting documentation to pep@sigmanu.org by April 30.
 - a. If submission booklet and supporting documents exceed 25MB:
 - i. Spread your submission over multiple email messages to pep@sigmanu.org, ensuring each message does not exceed 25MB total, **OR**
 - ii. Upload submission to a third-party service such as [Dropbox](#) or [Google Drive](#) and email a download link to pep@sigmanu.org.
 - b. All submissions will receive a confirmation email indicating receipt of the submission booklet and number of supporting documents received. If the chapter has not received a confirmation email within one week of their submission, contact pep@sigmanu.org to confirm receipt or request instructions for resubmission.

Supporting Documentation

For each section and subcategory that follows, answer the questions in the space provided based on the chapter's **operations over the past 365 days**. *For items not yet completed by the time of submission (e.g., spring initiations, spring grades) provide the complementary statistic from the prior year, noting such.* If more space is needed, attach additional information as a supplement.

At the end of each section is a listing of supporting documentation that should also be included in the chapter's final submission as a supplement. Please note each supporting document included by checking the appropriate box. Supporting documentation, unless otherwise noted, may be submitted at the discretion of the chapter; however, all supporting documents may be necessary to fulfill the criteria for excellence and for chapters to be recognized as performing at the Excellence level.

Supporting documents should be submitted as attachments or download links at the same time as the Self-Assessment Booklet.

Where explanations or supporting documentation call for specific records from each term of an academic year (e.g., grade reports) use the most recently completed fall and spring terms (i.e., Spring and Fall 2023).

Values-Based Leadership

Sigma Nu transforms society through the commitment of its members to the Fraternity's founding principles, leadership, and ethical living.

Values-Based Leadership focuses on the role that chapters and their members play in the communities in which they are embedded. As current and future leaders, we must model exemplary citizenship and create positive environments.

Service and Philanthropy

Future leaders are transformative throughout the communities they interface with. Service to others, through the donation of time, talent, and treasure, is a core mechanism for creating leaders and engaged citizens in their local community.

KEY DEFINITIONS

- **Service** – giving of your time and talent to directly benefit another or an organization. This includes efforts like assisting with a Habitat for Humanity build, serving as a big brother/mentor to a child, helping school children with after-school tutoring, working at a food bank, and related activities. **The purpose of these activities is directly assisting some other person or organization through your volunteer work.**
- **Philanthropy** – giving of your treasure. This includes the chapter's efforts to raise money for charitable organizations (e.g., letter writing for St. Jude; raising money for, and participating in, Dance Marathon; chapter or member donations to a local or national cause). **The purpose of these activities is to raise funds for another person or organization.** *Do not count member participation in fundraising or competitions and celebrations related to philanthropy as "service hours."*
 - Both service and philanthropy are equally important endeavors that allow chapters and members to give back to the local, national, or global community. Each has its own benefits, and both should be valued and undertaken by Sigma Nu members and chapters.
