Rock Chapter Award

The Rock Chapter Award is the highest collegiate chapter honor.

To be granted the award, a chapter should attain an ideal or nearly perfect state across a broad range of areas of fraternity operations for a consistent period of two-plus years.

Rock Chapters consistently achieved very good to excellent ratings in the Pursuit of Excellence Program over the course of the biennium.

Final selections also consider risk management, behavioral, financial, and other issues exhibited by chapters over the review period.

Epsilon Xi (Mississippi)

- Fifth consecutive Rock Chapter Award (fifth overall)
- 287 members
- 3.19 GPA
- 100% of members involved in other campus organizations; 20% hold leadership positions.

- Initiated 17 men this year.
- Used all phases of LEAD.

Most Improved Chapter Award

The Most Improved Chapter Award recognizes collegiate chapters that have displayed the greatest operational gains over the course of the biennium.

Qualifying chapters are those that have shown significant improvement in their Pursuit of Excellence Program ratings from the first to the second year of the biennium, and in the second year they are performing at Rock Chapter levels.

These chapters, should they maintain performance at their current levels, are anticipated to rise to the level of Rock Chapter in the subsequent biennium.
